

## **WILLIAM A. SCOTT, FRCS**

### **EXPERIENCE AND QUALIFICATIONS**

**Qualifications:** MB,BS (London) 1972, FRCS (England) 1976  
Higher Surgical Training completed January 1984  
Revalidation GMC in March 2016

**Consults at:** The Winchester House Medical Centre, Independents Road, Blackheath,  
London, SE3 9LF

**Experience:** I am Honorary Consultant at The Blackheath Hospital, London SE3.

I was appointed Consultant in 1985 to the Queen Elizabeth Hospital, London, SE18; in April 2011 I retired from the NHS but continued in private clinical practice and

My NHS Practice was in a District General Hospital dealing with both elective and trauma cases.

My training was in General Orthopaedics but my special interests are in shoulder surgery, paediatric orthopaedics and elective joint replacement of shoulder, elbow, hip and knee. I undertook an European Travelling Fellowship in brachial plexus injuries in 1984.

I was responsible for the orthopaedic training of medical students from GKT medical school and participated in the training of four specialist registrars from the South Thames Region.

I have written papers on trauma, the biomechanics of club feet, fracture fixation, microsurgical techniques for treating non-union and hip replacement both primary and revision.

I am a member of the British Orthopaedic Association, British Elbow and Shoulder Society, the South East Thames Shoulder and Elbow Group and the British Orthopaedic Foot and Ankle Society. In the past I was a faculty member of AO International and a member of British Orthopaedic Directors Society.

My medico-legal practice is based at Bromley Medical Chambers LLP, a Partnership of Medical Specialists. I have attended several courses in the preparation and presentation of medical reports including the Woolf reforms. I have also given evidence in Court on many occasions.

I am an approved Expert Witness in the Law Society Directory 2016.
